CASE GOES OVER

To January and Judge Bush Returns Home.

Judge C. H. Bush has returned from Paducah, after spending two days there. Judge Bush was appointed by the governor to sit in an important case, in which plaintiff wants to set aside a deed he claims he executed, transferring his interest in certain property to his recently deceased father. The defendant claims plaintiff never had any interest in the property, nor deeded any to his father.

The lawyers filed pleadings and other documents and then Judge Bush continued the proceedings until January, when the case will come up for trial.

MAY PROVE FATAL SHOT.

Joe West Shot in the Neck in the Dark Sunday Morning.

PARTIALLY PARALYZED.

Climbed Back Stairway and Tried to Break in—Miss-taken For Burglar.

Joe M. West, a carpenter, is lying in a critical condition at the home of his father, Constable William H. West, on West 7th street, from a wound by a pistol shot fired by his sister, Miss Fannie West, last Sunday morning.

Reports are to the effect that young West went home about one o'clock in the morning very drunk. He found his way up a back stairway to a door opening into the hall. When he reached the door he began pounding on it and tried to force it open, which alarmed his sister, who was asleep in her room on the second floor. Her father's room is on the ground floor, and Miss West, becoming very much frightened, supposing a burglar was trying to get into the house, called and receiving no answer opened the door and fired into the darkness. Just as she fired the door gave way and West, falling forward caught the ball in the left side of his neck. The ball passed around, ranging downward, as the victim was falling when he received the shot, and lodged somewhere in the right shoulder. Up to yesterday morning Dr. Jackson, who was summoned when the accident occurred, said that he had not then located the ball.

It was not supposed Sunday that West could survive through the day and at night he was reported to have about reached the end and that his lower extremities were paralyzed.

West is said to be a heavy drinker at times, and when drunk goes home in a quarrelsome mood, making himself quite disagreeable. His sister has been her father's housekeeper since her mother's death several years ago. She is in great trouble about being the innocent cause of

Bootee.

It is conceded by our customers that the Hocker Bootee, as it is made to-day, is the best combination shoe and bootee that is made. The fact that each season records larger sales, justifies us in the belief that they are as near perfect as a high-class combination shoe can be made. We,

what may yet prove her younger brother's death and has the deepest sympathy of her friends and acquaintances. Her father is one of the best known men in the county, having served term after term as constable of the city district and has acquired quite a reputation as a stock breeder. What's in McClure's.

One function of the up-to-date magazine is to reflect the moving spirit of the time, and this is the striking thing about the December McClure's. As before a holiday number, it is filled with good, strong fiction, there is a Jack London story, one of his best, and six other short stories, but first in importance are the contributions of William Allen White, Ray Stannard Baker and the Rev. Charles D. Williams. William Allen White who, as a judge of public men has become almost the national oracle, cool, incisive, unerring, fixes the place of Folk in national affairs. He tells of his great accomplishments in Missouri, measures the man, and finally shows that he is not big enough yet for presidential timber.

"Railroad Rebates" is Ray Stannard Baker's second paper on the Railroad Question. He explains what rebates are, how they are paid, who pays them and how they affect industry; illustrating the whole process by specific instances, little human stories picked up from railroad men and shippers the gainers and the sufferers by the system.

LET SOMETHING GOOD BE SAID.

When over the fall came of friend or foe
The shadow of distance shall fall; in
stead
Of words of blame, or proof of this and
that.
Let something good be said.

Forget not that no fellow being yet
May fall so low but love may lift his
head.
Even the cheek of shame with tears is wet.
If something good be said.

No generous heart may vainly turn aside
In ways of sympathy, no soul so dead
but may awaken strong and glorified.
If something good be said.

And so I charge ye, by the thorny crown,
And by the cross on which the Saviour
bleed,
And by your own souls' hope of fair re-
newal.
Let something good be said!
—James Whitcomb Riley, in The Reader

WHY BUCK'S HOT BLAST

Heater Will Actually
Pay For Itself.

Because Buck's Hot Blast will produce as much heat and as satisfactory a fire in every way, by using the cheapest dollar and a quarter coal, slack or screenings, as other heaters in which you must use high grade sort coal or hard coal. You can see at a glance how soon this saving in fuel will make a Buck's Hot Blast actually pay for itself. It is not the first cost of astove that counts so much, it is what you have to pay to feed it, in coal.

This is the "Buck's Stove."

Situations Guaranteed.

We do not guarantee situations to prospective students in order to get their patronage. Schools of merit do not resort to such dishonest practices. Few schools "guarantee" situations in order to secure students, because they have no other inducements to offer. Our work is so thorough that a guarantee is superfluous. Business men are loath to get competent help here that a large percentage of our students have positions before they graduate. See us before making arrangements for your business and shorthand education at our inferior fake school. We will take pleasure in telling you all about the opportunities in the "position guarantee" of our honest school. Catalogue free.

IT WAS ALL IMAGINATION.

Cold Water Thrown by Matter-of-Fact Man on Autumn Enthusiast Alloys His Ardor.

"When it comes to the four seasons, give me the autumn for mine," observed the man who was sitting directly in front of the conductor, according to the Providence Journal.

"I've heard that before," replied his matter-of-fact neighbor on the end. "There's wine in the air, I believe, and a tang that's borne in with the early suspicion of frost, and there's a soft, hazy, dreamy, golden glow resting on the face of nature, while the gorgeously painted leaves that are falling and silently drifting away, like our hopes and ambitions and aspirations, gives a melancholy touch to the scene that invites retrospection and harmonizes with it."

"The outer shells of the nuts are cracking, the squirrels are chattering and laying in their stores and the shivered stacks of cornstalks stand like yellow, worn-out sentinels in the brown fields that have yielded their harvests. All that has been written; everything's been written, and written pretty badly, if the truth must be told."

"Autumn is great theoretically. You're roaming the woods with a dog and a gun, and drinking in its beauties—in your mind. When you hew to the line and foot up the column the whole business is in your mind. What difference does it make to you whether it's autumn or spring or winter or summer? What do you get out of the changes?"

"A ride in a trolley to business, a short walk to a restaurant at noon and a car ride home. The only gun you see is in the window of a hardware store. Could you load and fire one if you had it—honest? Probably not."

"A few people; that is, comparatively few people, are free to take advantage of the seasons; but for the most of us who enthrall over them it's the same old grind, whether the weather conditions are one thing or another."

"Well, I'm not sorry I have a little imagination anyway," said the first speaker.

"The imagination is all right," concluded the matter-of-fact person, "but it won't clothe and feed you and pay rent even if you overwork it."

THE CHARMS OF ALASKA.

Not Time to Sleep in Summer, as It Is Never Dark—Miners Snooze Methodically.

"When I tell my friends that in Alaska during the months of June, July and August we have almost continual sunlight, and that it never gets dark in the summer months, they invariably ask when we sleep," said a merchant from Council, Alaska, recently, to the Portland Oregonian.

"Well, we sleep whenever we have the opportunity. Very few of us have a regular time of going to bed and arising except the miners, who work in shifts and have to be more methodical."

"In the winter months there is practically nothing doing, and the few people who stay there can sleep all they desire."

"But when spring opens up business flourishes. Every one has to work all he possibly can, because the summer is very short and a great deal has to be accomplished to make up for the stagnation during the winter months."

"We have wonderful summers at Council, as it never gets very warm or cold. Several times, though, I have seen the thermometer register 90 degrees. The verdure and the brush grow with a rapidity that is astonishing in the warm months. Plants grow so rapidly that we can raise berries and the hardier vegetables before frost sets in."

"Difference of Opinion. "Women are very hard to understand," said the callow philosopher.

"Not at all," answered Mr. Meekton. "Henrietta has never yet spoken her mind to me without making herself perfectly clear."—Washington Star.

FLOOD OF TURKEYS

Pouring Into New York for Thanksgiving.

New York, Nov. 25.—There is a flood of turkeys pouring into the market for Thanksgiving trade. Large shipments still on the way promise to prevent a "corner."

"Never did the New York market present a larger or finer display of turkeys the week before Thanksgiving day than it does now, and prices are from three to five cents a pound less than they have been in four years. In the one and a half million pounds of poultry that came to Manhattan yesterday there were about 100,000 turkeys, and about as many can be expected each day from now until next Thursday.

Dealers were paying 18 cents for the best dry-picked selected turkeys yesterday, and those were sold to consumers for 25 cents a pound.

The wedding will be a quiet affair. Only a few of the immediate relatives and friends of the young couple will witness the ceremony. Both young people are very popular in South Christian society. Mr. Fleming is a son of Mr. Tom Fleming and is a rising and well-known young planter. He is a brother of the Rev. Dowell Fleming, one of the ablest young ministers of the Presbyterian denomination.

His bride-to-be is a daughter of Mr. J. H. Pattilo, of Bennettsville, and is one of the prettiest and most popular young ladies in South Christian. She made her home in this city for some time and has many friends here who extend hearty congratulations to the groom upon his good luck in winning so charming a young lady for his wife.

Mr. Barbee, at whose home the wedding will take place, is an uncle of the bride-to-be, with whom she has been making her home for a year or more.

The young couple will be given a reception Thursday by Mrs. John Eades, sister of the groom. Misses Mary Smithson, of Julien, and Jessie Stevenson, Katie Moss and Florence Pattilo, sister of the bride, of Bennettsville, are visiting at Mr. Barbee's and will be attendants at the wedding.

SAVED MY LIFE

—That's what a prominent druggist said of Scott's Emulsion a short time ago. As a rule we don't use or refer to testimonials in addressing the public, but the above remark and similar expressions are made so often in connection with Scott's Emulsion that they are worthy of occasional note. From infancy to old age Scott's Emulsion offers a reliable means of remedying improper and weak development, restoring lost flesh and vitality, and repairing waste. The action of Scott's Emulsion is no more of a secret than the composition of the Emulsion itself. What it does it does through nourishment—the kind of nourishment that cannot be obtained in ordinary food. No system is too weak or delicate to retain Scott's Emulsion and gather good from it.

FATAL TO HORSES.

Several Valuable Animals Have Died in Past Week.

Messrs. J. B. Harned and John Y. Gray each lost a fine horse Sunday at Mr. Harned's farm, on the Fallow pike. Mr. Martin Davis, of the same neighborhood, lost an animal last Saturday week and Mr. Edgar Harned lost another three weeks ago. All the horses were affected in the same way. Mr. J. B. Harned says he believes that feeding rotten corn must be the cause. They swell almost to double their natural size, which is produced by locked bowels.

When the asylum wagonette brought some of the people in to church Sunday evening one of the fine horses driven to the vehicle fell near Seventh and railroad streets at 6 o'clock. All through the night the poor animal suffered with the most intense pain, and up to 10 o'clock yesterday morning every effort to relieve it failed. Hundreds of people witnessed the suffering. It was watched during the entire night and Dr. Bradley did all he could for the animal. The horse died about 2 p. m. His equal will be hard to find and will cost the State about \$200.

Several farmers have lost valuable mules and horses in the past month or six weeks, and all seem to be affected alike. When a horse is taken sick the disease has proven fatal in almost every instance.

LUCAS AGAIN

Appears Here and Revives Old Cases.

A couple of weeks ago this paper announced that at least one more visit might be expected from State Revenue Agent, Frank A. Lucas. He came in last Friday to look into his case against the Cumberland Telephone Company. His suit was for back taxes from 1901 to 1905 on \$5,000,000 worth of property and his little 20 per cent. penalty. In previous proceedings in the county court Mr. Lucas had lost out and his appearance this time was to appeal to the Circuit Court which was granted. Mr. Lucas' case against the trustees of the John Smallwood fund, which had been dismissed in previous proceedings, was reinstated, as Mr. Lucas said he had not been notified that it was docketed for trial on the 15th inst.

"Fatty Felix"

At Holland's Opera House Nov. 30 will appear the fattest actor in the world. His exact weight is doubtful at this writing to give the doubtful ones a chance to see for themselves. "Fatty Felix," the boy who has created all the enthusiasm in our large city papers, will be here in his successful comedy drama. The leading role of this beautiful piece is played by the ever pleasing little soubrette, Miss Jessie Moseley; the title role by the always welcome fun maker, Mr. Said Morris, assisted by a company of all star talent. The play is based upon a plot which carries very strong parts. It is alive with those startling comedy situations which appeal to all theater-going people. It is new, up-to-date, clean and a finished play.

OUT FOR PAYNTER.

Representative Southall No Longer on the Fence.

Representative-elect W. Herman Southall, the first Democrat elected from Christian county to the Legislature in more than 20 years, has announced his position in the senatorial race. He stated Saturday in an interview:

"After careful investigation," said Mr. Southall, "I am confident that the majority of the people of Christian county are for Judge Paynter, and I shall vote for him in the Democratic caucus."

Mr. Southall had been non-committal up to that time, while he was endeavoring to ascertain the wishes of his constituents.

It is said by those in a position to know, that of the 105 Democrats who will be in the caucus, that 55 are for Paynter, 35 for Blackburn and 10 for Haldeman.

SECOND OF SERIES.

S. K. C. and Southern Normal School Contest Again.

Thousands Have Kidney Trouble and Never Suspect It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours;

a sediment or scum indicates an unhealthy condition of the kidneys;

if it stays your lines it is evidence of kidney trouble;

too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the greatest kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y.

When of Swamp-Root, writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

BABY'S AWFUL ITCHING ECZEMA

Sores All Over Face and Body—
Could Not Tell What She Looked
Like—Unable to Sleep—Grew
Worse Under Doctors.

CURED BY CUTICURA IN ONE MONTH

A grateful mother, in the following letter, tells of another of those marvelous cures by Cuticura: "When my baby was four months old her skin broke out with a humor. I took her to a doctor, who said it was eczema. He gave me medicine to give her, but she kept getting worse all the time. Her little face and body were so covered with sores and large scales you could not tell what she looked like. No child ever had a worse case. Her face was being eaten away, and even her finger nails fell off. Then it itched so she would not sleep, and for many weary nights we could get no rest. At last we got Cuticura Soap and Ointment, first bathing her in warm water with the Soap, and then spreading on the Ointment with soft cloths. I saw a change in a week. The sores began to heal, and she could sleep at night, and in one month she had not one sore on her face or body. Any mother having children with eczema or humors will find a friend in Cuticura Soap and Ointment. (signed) Mrs. Mary Sanders, 700 Spring St., Camden, N. J., Aug. 14, 1904."

The foregoing statement justifies the oft-repeated assertion that Cuticura Soap and Ointment afford instant relief, and permit sleep for baby and rest for tired mothers, and points to a speedy, permanent, and economical cure, when all else fails, in the most torturing, disgusting, itching, burning, bleeding, scaly, crusty, and pimply skin, and scalp humors.

Cuticura Soap, Ointment, and Pills are sold throughout the world. *Remember: Cuticura Soap and Ointment are made by the same company that makes the famous Cuticura Pills.*

CUTS LOOSE

From Kitty League and Goes to New York.

Percy Wilder, the popular baseball twirler, who pitched for the Cairo team last season, has gone to New York to accept a position with a wholesale house. Wilder says he will not return to Cairo to play with that team if the K. I. T. League is formed again next year. That club still has a claim on his services and unless he secures his release from Cairo he will play independent ball in the future in and around New York City.

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and all interest in life. I had tried many different doctors and several medicines, but got no benefit until I began to use Electric Bitters. So wonderful was their effect that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed by R. C. Hardwick's drug store. Price 50c.

POSTOFFICE RECEIPTS.

Hopkinsville Reports an Aggregate of \$14,430.

Washington Nov. 27.—The eighty-six presidential postoffices in Kentucky show gross receipts amounting to \$1,522,889 for the fiscal year ending June 30. Of this amount Louisville is accredited with \$742,679, or nearly one-half.

The clerk hire in these offices aggregated \$266,783 for the year, of which amount, \$134,530 was paid out at the Louisville postoffice.

The expenses of the city free delivery service amounted to \$223,478, of which \$124,623 was paid out for the Louisville service. It will be seen that more than half the amount expended on these two items in Kentucky was paid out in Louisville. The gross receipts of other important Kentucky offices are as follows: Covington, \$127,755; Newport, \$44,843; Owensboro, \$35,801; Lexington, \$31,165; Frankfort, \$24,639; Paducah, \$48,647; Ashland, \$19,985; Bowling Green, \$18,425; Danville, \$17,157; Henderson, \$19,787; Hopkinsville, \$14,430; Mayville, \$13,925.

HALDEMAN

Is Formally in the Kentucky Senatorial Race.

Louisville, Ky., Nov. 25.—The Courier-Journal this morning printed the formal announcement of the entry of W. B. Haldean, editor of the Louisville Times, into the race for the seat in the United States Senate, now held by Hon. J. C. S. Blackburn.

The announcement is in the form of a letter addressed to the Democratic members of the Legislature from the Fifth Congressional District, in response to their request that he become a candidate. In the letter Mr. Haldean says in part: "I represent no faction in the Democratic party. I have good friends among the followers both of Senator Blackburn and Judge Paynter, and the warring interest of these two candidates, which threatens to disrupt the Democratic party in Kentucky, cannot meet with the approval of any Democrat who is truly a good wisher of the best interest of his party."

"If the Democrats of the General Assembly believe this war of interest should cease, I come to them with the united support of my home district, as a messenger of peace and good will, of harmony and unity in the party."

The Legislature will elect Mr. Blackburn's successor early in January.

KLAW & ERLANGER

John C. Haynes, of New York, who claims to be an authority on things theatrical, has published an estimated statement of the amount of the ten leading producing managers pay their creditors in a forty weeks' season. He estimates that \$1,500,000 is paid to actors. \$500,000 for scenery, \$1,010,000 for royalties, \$1,020,000 for railroad fares, \$975,000 for printing and \$625,000 for costumes. Of these amounts Klaw & Erlanger lead the list, paying \$1,010,000 for their productions. Henry W. Savage is second, with an expense of \$805,000. Savage also leads in amount paid actors and printers. Klaw & Erlanger in amount paid for scenery, royalties railroad fares and costumes.

IS FOR PAYNTER.

Representative Head, of Paducah.

Paducah, Ky., Nov. 26.—Representative-elect Lewis P. Head, of McCracken county, to-day definitely committed himself in favor of Judge Paynter for United States Senator from Kentucky.

"I promised during my campaign," said Mr. Head, "to vote for the man for United States Senator whom I believed would be the best man to represent the State of Kentucky. I believe Judge Paynter to be the man, and I am for him first, last and all the time. I shall vote for Henry Lawrence for Speaker of the House."

A number of prominent politicians of Western Kentucky were in Paducah to-day discussing the political situation, among the number being Hon. Henry Lawrence, of Cadiz, candidate for Speaker of the House; Dr. Milton Board, Superintendent of the Western Asylum at Hopkinsville; Senator Conn Linn and Representative Zeb A. Stewart, of Murray, Judge Bank Gardner, of Mayfield; Felix Grasty, of Cadiz; Senator Wheeler Campbell and Representative Head, of Paducah.

Alvin Joslin

Manager Ennis of the opera house has informed us that he has secured for an attraction, Chas. L. Davis' old favorite rural comedy drama, "Alvin Joslin" which is to appear at an early date. This is another feather in our popular Manager's cap, for the reason that this attraction is very much in demand, owing to the fact that it is always from three to four years in getting into this section of the country, and usually takes its pick of the better theatrical towns. Aside from this fact, the story of the play is such that it will keep it before the public almost for ever. This is its twenty-sixth year and we understand that it is drawing the largest houses on record. Such a success must mean a meritorious attraction, for there is nothing that travels faster than the reputation of a worthy production. The part created and made famous by the late Mr. Davis is now portrayed by Andrew Waldron, who has been in the profession for forty-six years, and has starred for years, all over country. It is said by many that Mr. Waldron's conception of the old Vermont farmer is the best ever seen, and we hope Manager Ennis' effort to please those who appreciate good performances will meet with a large house. Night prices 25, 35, 50 and 75c, matinee prices 15 and 25c. matinee opens at 2:30 p. m.

DRAGGING

down pains are a symptom of the most serious trouble which can attack a woman, viz: falling of the womb. With this, generally, come irregular, painful, scanty or profuse periods, watery, weakening drains, dreadful backache, headache, nervousness, dizziness, irritability, tired feeling, inability to walk, loss of appetite, color and beauty. The cure is

WINE OF CARDUI THE FEMALE REGULATOR,

that marvelous, curative extract, or natural wine, of herbs, which exerts such a wonderful, strengthening influence on all female organs. Cardui relieves pain, regulates the menses, stops drains and stimulates the womb muscles to pull the womb up into place.

It is a sure and permanent cure for all female complaints.

WRITE US A LETTER

Put aside all timidity and write us freely and frankly, in strictest confidence, telling us all your symptoms and troubles. We will send you free advice (in plain, sealed envelopes), how to cure them. Address: Ladies' Astringent Dept., The Chattanooga Medicine Co., Chattanooga, Tenn.

"I SUFFERED AWFUL PAIN

In my womb and ovaries," writes Mrs. R. M. Davis, of Webster Grove, Mo. "also in my right and left sides, and my nerves were very painful and irregular. Since taking Cardui, I suffer as I did. It is the best medicine I ever had in my house."

"Resurrection"

Ever since Count Tolstoi's famous novel, "Resurrection," was first presented in book form, people have been clamoring for the dramatic version. Theatre-goers are at last promised the desired treat; as a large company of metropolitan favorites, headed by America's greatest emotional actress, Effie Leah Francis, will be seen at Holland's Opera House next Wednesday night, Nov. 29th.

Miss Francis is an actress of long and varied experience, who has been starring in this country and England for several years. She is supported by a company of twenty-five distinguished players, making it one of the strongest traveling organizations extant.

Two car loads of scenery and mechanical effects are carried, in fact the organization is a most complete one. During the famous Moscow Music Hall scene in the 3rd act—a strong line of imported European acts are introduced, prominent among which is the famous champion troop of acrobats, Tray's dog circus, consisting of twenty clever dogs, Madame Jessica, contortionist, and numerous other strong acts.

This is positively the strongest attraction booked this season and it deserves heavy patronage. The Nashville press recently was very enthusiastic about the company and a return date has been arranged. The company is direct from a run of 165 nights in New York City. A packed house is looked for by Manager Ennis.

A Creeping Death.

Blood poison creeps up toward the heart, causing death. J. E. Stearns, Belle Plaine, Miss., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound and saved his life. Best in the world for burns and sores, 25c at R. C. Hardwick's drug store.

Saved by Dynamite.

Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes a cough hangs on so long you feel as if nothing but dynamite would cure it. Z. T. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for Consumption, Coughs and Colds, which eased her cough, gave her sleep and finally cured her. Strictly scientific cure for bronchitis and la grippe. At R. C. Hardwick's drug store; price 50c and \$1.00; guarantee. Trial bottle free.

Sells More of Chamberlain's Cough Remedy Than All Others Put Together.

The following letter from a locality where Chamberlain's Cough Remedy is well known shows the unprecedented demand for it that the medicine sells on its own merit. Mr. Thos. George, a merchant at Mt. Elgin, Ontario, says:

"I have had Chamberlain's Cough Remedy ever since it was introduced into Canada, and I sell as much of it as I do of all other lines. I have on my shelves put together. Of the many doses sold under guarantee, I have not had one bottle returned. I can personally recommend this medicine as I have used it myself and give it to my children with always the best results." For sale by L. L. Elgin and Anderson-Fowler Co., up-to-date druggists at Hopkinsville.

Councilman L. J. Unz, of Louisville, will be married to-day.

IDEA OF NIGHT WATCHMAN

Need Not Battle with Thieves. What Is a Cog in a Alarm System of Great Cities.

"Many people have an idea that night watchmen are stationed about the great stores and financial institutions in this city to fight burglars should they turn up," remarked one of these guardians of the wealth.

"The fact is there is no idea that any such watchman shall engage a burglar in combat at any time. The care of such institutions is so systematized that there is no occasion for such a proceed, even should a watchman be equal to handling a burglar, which most of them are not. The night watchman is merely a part of an alarm system. His duty is to keep a sharp lookout for suspicious persons, and before one of them gets a chance to do mischief he is expected to turn in an alarm that will call to his relief within a few minutes a squad of police officers, if necessary, to take care of the prowling thieves."

"In order to assure faithful care by the watchman he has to ring up the alarm service every half hour of the night. One ring means that he is there on the look-out. If he sees anything suspicious and wants assistance it is only necessary for him to give the proper signal, and before any damage could be done the officers of the law are there ready to do business. It would never be of any advantage to the burglars to do the watchman any harm, because before they could trouble him they would be nabbed and in the hands of the law. The fact that this system of watching the valuables of the city is so efficiently conducted results in very few burglaries wherever the system is in force. Thieves know the danger of hanging about the city in places where their presence would cause suspicion, and they generally keep away. These fellows 'get wise' very quickly."

BEAUTY IS MADE TO ORDER

Artificial Roofs for Mouths, Automatic Noses and Other Devices Supply Nature's Failings.

The best artificial noses nowadays are made of paper mache, enameled. Such a nose is fastened to a spectacle frame sometimes for the sake of convenience, and thus may be put on or removed at brief notice.

There is a patented contrivance, somewhat resembling a clothespin, for attachment to the nose to give to the organ a proper taper. Another device is supposed to improve the lines of the mouth.

Not a few people have no roofs to their mouths, having been born without them, or in other cases having lost them by disease. For such unfortunate artificial mouth roofs, made of galvanized rubber, are furnished.

There is a patented device for cleaning the tongue, consisting of a knife with a concave edge to which a sort of sponge brush is attached. When one is not well one's tongue is liable to be disagreeably coated, but the annoyance may be removed by means of the instrument described.

If you desire dimples you may wear a certain kind of wire mask at night to which are attached blunt wooden points that may be caused, by the help of screws, to press upon the points where the dimples are wanted. Thus after awhile the dimples are made to appear.

Exchange of Territory.

An agreement has been reached between the Belgian and Prussian governments for the cession to Belgium of the neutral territory of Ennen in exchange for a strip of land adjoining the town of Ennen in Prussia, 11 miles from Aix-la-Chapelle and close to the Belgian frontier. This small European state has been blotted out. The existence of Moresnet as an independent state dates from the treaty of Aix-la-Chapelle. Later it was under the joint protectorate of Russia and Belgium. The latter country now takes over the entire sovereignty of the territory.

FLATTERING CALL

On Rev. J. M. Jones By Madisonville Baptist Church.

Rev. J. M. Jones, assistant pastor of the Hopkinsville Baptist church, has been called to the pastorate of the Madisonville Baptist church. He will go to Madisonville to-day and after his return will announce his decision in the matter. Mr. Jones came to Hopkinsville from the Southern Baptist Seminary last June and had charge of the church during the absence of the pastor, who went abroad in the summer. Since Dr. Nash's return Mr. Jones has been his assistant, doing much of the visitation work and building up the Sunday School. He has also found time to wed a charming young wife, who was Miss Helen Davis, of Louisiana. Mr. Jones is a Texan and is 27 years of age and since he came here has impressed all with his deep piety, earnestness as a pastor and his development as a preacher.

Recently he held a meeting at Casky and made a reputation as an evangelist of much promise. The Madisonville church has about 275 members and pays \$1,000 a year. The probabilities are that Mr. Jones will accept, as the call is a promotion from his present work.
